Education

Bachelor of Science in Computer Engineer
Centro Politécnico Superior (Universidad de Zaragoza), 2012
Zaragoza (Spain)
Master thesis: 9 (out of 10)

Bachelor of Science in Computer Engineer (Erasmus programme)
Kungliga Tekniska Högskolan, 2009 - 2010
Stockholm (Sweden)

Skills

Technical
I love Ruby and C. Good programming skills in Java, SQL and Ada. Programming experience in Python and x86 assembler. Markup languages: XML, YAML. Database management: Oracle and DB2. Linux administration skills: bash, virtualization/cloud (VMware and KVM), datacenter automation (Puppet). Revision control: Subversion and Git.

Natural languages
Spanish (Mother tongue), English (Level C2) and French(beginner).

Social
I have worked in various types of teams, from two to five members, during my university education. I worked with people from very different nationalities and cultural backgrounds during my Erasmus programme.

Artistic
I love to play guitar, specially blues.

Miscellaneous
I love reading books and travelling around the world.
